

**UNIVERSITÀ DEGLI STUDI DELL'AQUILA**  
**Prof. Davide Pasquali**  
**Curriculum scientifico**

(Aggiornato il 2024/11/05)

**PERSONAL INFORMATIONS**

First Name: Davide

Last Name: Pasquali

Address: Piazzale Pontieri, 1, Monteluco di Roio (Laboratorio di Idraulica, Ambientale e Marittima)

Scopus: [Davide Pasquali](#)

Google Scholar [Davide Pasquali](#)

---

**POSITION**

2023 - present Assistant Professor (RTDb) , SSD ICAR/02, Costruzioni Idrauliche, Marittime e Idrologia, DICEAA, University of L'Aquila, Italy

2018 - 2023 Researcher (RTDa) , SSD ICAR/02, Costruzioni Idrauliche, Marittime e Idrologia, DICEAA, University of L'Aquila, Italy

2014 - 2018 Post-Doc Researcher, University of L'Aquila, Italy.

2011 - 2014 Ph.D. student, University of L'Aquila, Italy.

---

**EDUCATION**

2015 - Ph.D. in Civil and Environmental Engineering, University of L'Aquila, Italy;

2011 - Bachelor's Degree (cum laude) in Civil Engineering, University of L'Aquila, Italy

2008 - Master's Degree (cum laude) in Civil Engineering, University of L'Aquila, Italy.

---

**RESEARCH FIELDS**

Storm Surge Forecast and hindcast;

Analytical and numerical modelling of the hydrodynamic of floating bodies for energy extraction.

Analytical and numerical modelling of plume dispersion due to dredging operations;

Risk Analysis along coastal zone;

The use of Stereoscopy in the breakwaters stability analysis;

Statistical models (e.g. Neural Network) to forecast storm surge events.

Analytical and numerical modelling of the Hydrodynamic and Morphodynamic of Coastal Areas and river mouths;

Analytical, physical and numerical modelling of landslides generated tsunamis;

Analytical, physical and numerical modelling of hydraulic constructions;

Physical modelling of sea-walls and breakwaters.

Analytical and numerical modelling aimed at forecast the coastal evolution;

Analytical and numerical modelling of the hydrodynamic of floating bodies for energy extraction

---

## TEACHING

### Lecturer

- A.Y. 2020/2021 - present: Environmental Hydraulics (9 ECTS ). Master's degree in Civil Engineering and Environmental Engineering
- A.Y. 2019/2020 - present: I level Specializing-Master in: Management tecnico-amministrativo post-catastrofe negli enti local (16 hours)
- A.Y. 2019/2020: A Basic Introduction to research tools for Engineers and Scientist (12 hours)- PhD Course. Ph.D. program Civil, Construction-Architectural and Environmental Engineering
- A.Y. 2018/2019: Numerical models for the design of hydraulic structures and for the analysis of environmental effects (3 ECTS ). Master's degree in Civil Engineering and Environmental Engineering
- A.Y. 2017/2018: fundamentals of Coastal Engineering (3 ECTS ). Master's degree in Civil Engineering and Environmental Engineering
- A.Y. 2016/2017: Numerical models for the design of hydraulic structures and for the analysis of environmental effects (3 ECTS ). Master's degree in Civil Engineering and Environmental Engineering
- A.Y. 2015/2016: Coastal Engineering and shore protection (3 ECTS ). Master's degree in Civil Engineering and Environmental Engineering

### Seminars and Exercises

- A.Y. 2019/2020 - present: Advanced open channel flow and hydraulic structure. Master's degree in Environmental Engineering
- A.Y. 2020 - present: Hydraulic and hydraulic construction. Master's degree in Construction-Architectural Engineering U.E.
- A.Y. 2014-2018: Environmental and maritime hydraulic construction. Master's degree in Environmental Engineering
- A.Y. 2017/2018: Hydrology and hydraulic construction. Bachelor's degree in Environmental Engineering
- A.Y. 2012-2018: Hydrology and hydraulic construction. Master's degree in Construction-Architectural Engineering U.E.
- A.Y. 2014/2015: Probability and statistic for the design of hydraulic construction. Master's degree in Civil Engineering and Environmental Engineering
- A.Y. 2012/2013: Coastal Engineering. Master's degree in Environmental Engineering
- A.Y. 2011/2012: Harbor engineering and maritime hydraulics. Master's degree in Civil Engineering

## FUNDEND RESEARCH PROJECTS OR INSTITUTIONAL COLLABORATION

### As a scientific coordinator or head

- Study commissioned by Autorità di Bacino Distrettuale dell'Appennino Centrale. The scientific head of the project is Prof. Marcello Di Risio. Davide Pasquali has been appointed by the scientific head as scientific coordinator of the activities (project management, supervision of numerical simulations and reports) - **Sviluppo e implementazione delle indagini idrauliche con approccio multiscala delle UoM IT131 e IT023 per la difesa e la gestione del territorio**
- Topics are related on the one hand to mathematical modeling in the management of bathing waters, on the other hand, the definition of survey methodologies for the assessment of turbidity levels in marine-coastal areas. - **Involved (as an academic expert) in the writing of two manuals in collaboration with the Italian Institute for Environmental Protection and**

## Research

- Activities: Research activities, scientific support to the office, dissemination activities and organization of seminar and workshop - Scientific head of the **memorandum of understanding with the Abruzzo Region hydrographic office**
- Activities: Research activities, and scientific support to the municipality regarding hydraulic and hydrologic studies in the municipal area - Scientific head of the **memorandum of understanding with the Popoli Municipality (Italy, Abruzzo Region)**
- Collaboration with the Italian Institute for Environmental Protection and Research. - **Analisi degli impatti dei cambiamenti climatici in area costiera**
- Study commissioned by Regional Production Activities Company (Azienda Regionale delle Attività Produttive (ARAP). Amount of the contract 31.860 euro. - Scientific coordinator in the research contract: **Studio numerico dell'idrodinamica e della morfodinamica di una foce fluviale**
- Subject matter of the Fixed-term Researcher contract L.240/10 type A within the PON Programm Research and Innovation 2014 - 2020, A.I.M. Attraction and International Mobility of National (PON) Research and Innovation 2014 - 2020, A.I.M. Attraction and International Mobility of which he was awarded in July 2019 - Scientific head in the research project: **Development and implementation of methods and techniques for optimizing energy extraction from sea waves**
- Study Financed by SIAP-MICROS S.p.a. operations coordinator in the research contract: **Installazione, manutenzione ed assistenza alla gestione di stazioni di monitoraggio della Rete Ondametrica Nazionale (RON) Caratterizzazione matematica del sistema scafo-ormeggio**
- Agreement with Cooperative Balneatori di Pineto e Roseto - **Scientific research activities aimed at developing projects and/or patents related to new systems for the protection of sandy shorelines from erosive phenomena**
- Study commissioned by Regional Production Activities Company Azienda Regionale delle Attività Produttive (ARAP). - Scientific coordinator in the research contract: **del porto canale di Pescara – 1° stralcio – completamento pennello di foce e scogliera di radicamento**
- Study commissioned by Consorzio Venezia Nuova (CVN). Amount of the contract 50.358,00 euro - Scientific coordinator in the research contract: **Diga Foranea della Bocca di Lido Treporti-Bocca di Lido S.Nicolo Progetto di rinforzo - Modello 2D**
- Study commissioned Ersi Abruzzo. Amount of the contract 15.575 euro - Scientific coordinator in the research contract: **Disinquinamento Fiume Pescara–Potenziamento del sistema depurativo–Nuovo Parco Depurativo -Realizzazione vasche di prima pioggia e disinfezione presso sollevamento B0 (Madonnina)**

## EDITORIAL POSITIONS

- Editorial board member: Journal of Coastal and Hydraulic Structures (Associate Editor), Journal of Marine Science and Engineering (topic board member), Current Trend in Oceanography and Marine Sciences, Current Trends in Civil & Structural Engineering
- Guest Editor in the Journal of Marine Science and Engineering' Special Issue: "Marine Sediments: Processes, Transport and Environmental Aspects"
- Reviewer for: Ocean Engineering, International Journal of Disaster Risk Science, Continuum Mechanics and Thermodynamics, Journal of Marine Science and Engineering, Sustainability, Water, Progress in Physical Geography, Aquatic Ecosystem Health & Management, Italian Journal of Engineering Geology and Environment, Journal of Marine Science and Application,

## AWARDS, FELLOWSHIP, & GRANTS

- National Scientific qualification as associate in the Italian higher education system, in the call 2021/2023 (Ministerial Decree n. 553/2021 and 589/2021) for the disciplinary field of 08/A1 - Hydraulics, hydrology, hydraulic and marine constructions. (Academic Recruitment Field 08/A - Landscape and infrastructural engineering, according to the national classification).
  - Keynote lecturer during the Short Course/Conference on Applied Coastal (SCACR), Bari 9-11 September 2019.
  - Best poster presentation in the *XXXV Convegno Nazionale di Idraulica e Costruzioni Idrauliche*. Title: Previsione di eventi di sovrizzo di tempesta mediante un metodo in tempo reale
-
